Give More. Save on Taxes. Advance Hope.

The benefits of donating Gifts of Securities.

Every gift helps **Inflamed Brain Alliance** improve recognition of PANS and PANDAS, support families, educate healthcare professionals, and advance research across Canada.

A gift of publicly traded securities is one of the most tax-effective ways to support Inflamed Brain Alliance. By donating securities directly instead of selling them first, you may eliminate capital gains tax while receiving a charitable tax receipt for the fair market value of your gift. Even better, your generosity helps advance research, education, advocacy, and support for families affected by PANS and PANDAS across Canada.

Why Donate Securities?

Maximize your impact

- More of your investment can support Canadian families living with PANS and PANDAS.

Reduce taxes

- Eligible securities donated directly may eliminate capital gains tax.

Receive a charitable tax receipt

- CanadaHelps issues your receipt after your securities have been received and valued.*

Questions? We'd be happy to help. Contact us at support@inflamedbrain.org and we'll be pleased to answer any questions about the donation process.

*Donations made before the end of the calendar year can either be applied to taxes for the current year or carried forward for up to 5 years. Donation tax credits cannot exceed 75% of a person's net income in a given year, or 100% of their terminal return or the return for the year prior to their death.

**CanadaHelps is managing the Gifts of Securities donated to the Inflamed Brain Alliance. We trust CanadaHelps to operate ethically, efficiently, and in full compliance with all CRA regulations.

The information provided is intended as general guidance only and does not constitute financial, legal, or tax advice. Please consult your professional advisor to determine whether a gift of securities is appropriate for your circumstances.

What you can donate:
